## Licence terms and conditions

Licensee accepts the terms and conditions as stated in this order form and the general terms and conditions valid for the EWIS software at [www.ewis.nl/software/termsconditions](http://www.ewis.nl/software/termsconditions).

- ICT-Office\_General Module.pdf
- ICT-Office\_Module 1 Software License.pdf  
(ICT-Office is a Dutch association of ICT companies.)

The licence is a multi user licence for the designated site, and for an unlimited period of time, unless licence is terminated in accordance with the terms and conditions.

## ECN address

Please send the filled out order form to:

ECN, dept. Finance & Commercial Support  
P.O. Box 1, 1755 ZG Petten, the Netherlands  
Fax: +31 224 564970  
e-mail: [ewis-finance@ecn.nl](mailto:ewis-finance@ecn.nl)

## Payment and delivery

On receipt of your order form we will send you an invoice for the software and after receipt of payment the software will be delivered without additional costs.

The total costs are given in Euros. Any taxes or fees that may be levied by your government for the import of the software have to be paid by you or your import agent.

We recommend payment by bank transfer to the following bank account:

ING  
Amstelplein 1  
1096 HA Amsterdam  
Swift code: INGBNL2A  
IBAN code: NL62 INGB 0651 0623 22  
Account number: 65 10 62 322  
Account name: ECN  
VAT number ECN: NL 0017 52 625 B01  
Ref.name: EWIS projects  
or: invoice/project number

## Scope of supply

The scope of supply comprises the Control Design Tool computer software source codes and associated documentation.

- Design files (.m), Controller files (.mdl), Code generation files (.c and others).
- Software manual and code generation manual.

This order form and prices mentioned are valid until 31 December 2012.

Licensee is allowed to share a resulting control algorithm in the form of a Simulink model or a translation thereof (e.g. auto-generated C-code) along with the associated parameter sets with a third party on the condition that the sharing is needed for and used solely for the implementation of this particular control algorithm in the wind turbine controller. Licensee needs to take care that the third party treats all information as confidential.

Included in the price is a maximum of 40 man-hours technical and software support (by telephone and/or e-mail, not on-site) and, if applicable, an update of the software during the period of one year after delivery of the software.

After one year it is possible to buy a service contract for € 6 000, entitling the user to an update of the software, if available, and a maximum of 40 man-hours software support (by telephone and/or e-mail, not on-site) for another year. ECN will contact you before the end of the one-year support period to offer you the possibility of a service contract.

The software and documentation are written in English.

## Optional:

### 1. Introductory training

An introductory training on wind turbine control can be ordered. More details can be found in the brochures on the EWIS website ([www.ewis.nl](http://www.ewis.nl)):

- Training Control of wind turbines (CO-940)

### 2. Basic training

A basic one-week training in wind turbine control engineering and the use of the CDT given by ECN experts can be ordered for € 10 000. A more extensive training is possible to meet customer requirements. If you also order the training, we will contact you as soon as possible to make arrangements for the date and venue. The stated price for the training is valid when the training is held at ECN's facilities and includes the preparation of the course, handouts, lunch at ECN, etc. The price excludes the cost for travel, accommodation during night and the subsistence cost of the participants. If you prefer training in-house, the travel expenses and travel time for two ECN employees will be charged additionally. The invoice will be sent after the training is completed. The payment is to be made within 30 days after invoicing.
