Scope of supply

If you order the SILANT software, the following will be delivered:

- Executable (protected by a hardware key)
- User manual

Included in the price is a maximum of 16 man-hours technical and software support (by telephone and/or e-mail, not on-site) during the period of one year after delivery of the software.

After one year it is possible to buy a service contract for € 2 500, entitling the user to an update of the software, if available, and a maximum of 16 man-hours software support (by telephone and/or e-mail, not on-site) for another year. ECN will contact you before the end of the one-year support period to offer you the possibility of a service contract.

The software and documentation are written in English.

Optional: Training

A basic one-day training in the use of SILANT and RFOIL given by ECN experts can be ordered for € 2 000. If you also order the training, we will contact you as soon as possible to make arrangements for the date and venue. The stated price for the training is valid when the training is held at ECN's facilities and includes the preparation of the course, handouts, lunch at ECN, etc. The price excludes the cost for travel, accommodation during night and the subsistence cost of the participants. If you prefer training in-house, the travel expenses and travel time for one ECN employee will be charged additionally. The invoice will be sent after the training is completed. The payment is to be made within 30 days after invoicing.

Also available from EWIS is a general course on rotor aerodynamics. More details can be found in the brochure on the EWIS website (www.ewis.nl): Training Rotor Aerodynamcis (CO-920).

This order form and prices mentioned are valid until 31 December 2012.
